

Billi™

OmniOne Range

Elegant styling and space-saving design

Synonymous with Innovation and Sustainability, OmniOne is Billi's latest product range offering Boiling, Chilled and Sparkling water.

The intersection of genuine innovation and sustainable design, OmniOne integrates Billi's renowned water-cooling and energy reclaim technologies into a single space-saving under bench control module.

Advanced technology

Water-Cooled Technology

Our boiling and chilled water-cooled systems utilise heat-exchange and energy reclaim technologies and are more energy-efficient than air-cooled systems. Plus, Billi's water-cooled boiling and chilled systems require no unsightly cupboard ventilation and operate more quietly than air-cooled systems.

Safety first

Billi's splash-free boiling water delivery electronically varies the water flow, slowing momentarily to eliminate splashing as the water first enters the cup. All Billi X Series dispensers insulated remaining cool to touch and are supplied with a safety switch as standard to lock boiling water flow when needed.

Premium filtration

Billi's range of premium filters are equipped with patented Fibron-X multi-layered structure which provides superior water quality.

Heat exchange

Billi's unique Heat Exchange Technology reclaims the waste heat energy produced in the chilling process to preheat the boiling water. This allows boiling water to reach optimal temperature more efficiently while achieving substantial energy savings.

Interactive touch screen UI

OmniOne is fully adjustable with settings easily accessed through an intuitive, full colour touchscreen interface.

Water options

Option	Boiling	Chilled	Sparkling
OmniOne Pro			
OmniOne Plus			

Configuration

OmniOne boiling, chilled and sparkling are water cooled and do not require cross ventilation. No cabinet cut outs needed during the installation process.

Please refer to installation guides for more details.

Technical specifications

Model	Suggested number of people	Boiling water delivery cups per hour	Chilled water delivery cups per hour	Height (mm)	Width (mm)	Depth (mm)
OmniOne Pro60	Up to 60	180	220	355	395	495
OmniOne Plus 9 - Gooseneck	Up to 60	180	220	355	395	495
OmniOne Plus 9 - Paddle	Up to 60	180	220	355	395	495
OmniOne Plus 9 - Square	Up to 60	180	220	355	395	495
